

Volunteer Auxiliary Board Member

[Embarc's](#) Auxiliary Board is looking for new members!

If you're passionate about Chicago communities, a problem solver, and eager to support teens' high school experiences and transform education, we're looking for you! The Auxiliary Board supports Embarc's mission by generating awareness and engagement, building partnerships, and supporting its sustainability. The board meets monthly and plays an integral part in creating one of the most memorable annual fundraising events in Chicago (and beyond) - the [Variety Spectacular](#).

Embarc's goal is to transform education by changing how teachers teach and how students learn. Our experiential learning model inspires students across Chicago to explore their limitless potential and find postsecondary success. Embarc combines powerful learning experiences with a social-emotional learning curriculum to help our students build the skills and agency to thrive. Learn more about Embarc's work in this brief [video](#).
